Learning project (To be done throughout the week)

The project this week aims to provide opportunities for your child to learn more about different viewpoints. Learning may focus on physical viewpoints in terms of what you can see outside of the window at home, what others can see looking into your home and then progress onto personal viewpoints and of others.

- **Let's Wonder:**

Draw a picture of themselves and label their drawing with the qualities they have. How do others see them differently? Ask people at home to add to their qualities. How are they different to other children in different parts of the world? What makes them similar to other children around the world?

- **Let's Create:**

Complete an observational drawing of what they see outside a window in their house. Then get out into the garden and find natural forms such as stones, leaves, flowers and animals. Complete sketches, showing an awareness of different viewpoints of the same object. Remember to concentrate on tone and shading.

- **Be Active:**

Move around their home and garden taking photographs from different viewpoints. Which photos do they like? Do the people they live with like the same photos as them? Why? Why not? or try Joe Wicks live P.E. session at 9am Monday – Friday on Youtube.

Recommendation at least 2 hours of exercise a week.

- **Time to Talk:**

Talk about keeping safe, discuss different ways to keep safe. Basic hygiene rules, road safety, internet safety, water safety, being safe around the home, stranger danger. How do different people view this?

- **Understanding Others and Appreciating Differences:**

Listen to different pieces of music from around the world, which styles of music do they prefer and why? [Music](#) Maybe they could learn a song by heart and perform it.

- **Reflect:**

Design their own ideal world. Would their world contain the same things as other people? Which things are most important to them? What are they going to include?
