

Year 3 Home Learning

Summer Term Week 13/7/20

Hi Year 3.

Well done! You are in your final week of Year 3!

This week I have set you some work that will get you ready for Year 4. Work through it the best you can; you can do some of it over the holidays if you do not get it all finished.

We are so proud of how hard you have worked during lockdown and we cannot wait to see you in September.

Love

Mrs Cooper and Miss Weston x

Maths

This week's work is on angles and shapes.

Use the videos on White Rose Maths first and then have a go at the activities on the school website. You can also get more help on BBC Bitesize each day too.

Day 1- Compare Capacity

Day 2- Add and subtract capacity

Day 3- Pictograms

Day 4- Bar Charts

Please continue to use TT Rocks Stars to revise your tables.

English

Last week we started to find out all about unicorns so we will finish this work this week. I have also set you some grammar work and there is a Summer English booklet for you to work through.

Reading

Read the text about Roald Dahl and answer as many questions as you can. You must keep reading over the holidays- it is so important!

Transition work

Can you believe you are nearly in Year 4! On the school website there are some activities for you to do to help you with moving into Year 4. Try as many of them as you can.

PE

Mr Miller has set some personal challenges for you to do to keep up your fitness levels! Work as hard as you can on these.
